<h5>Created by Ricky Gervais & Stephen Merchant, Developed by Greg Daniels,
Based on the BBC Series The Office.</h5>

<div

<p>Short Summary..</p>

<p>From Deedle-Dee Productions, Reveille and Universal Television, the multi-award-winning comedy series "The Office" presents a hilarious documentary-style look at the humorous, and sometimes poignant, foolishness that plagues the 9-to-5 world. Based on the award-winning BBC hit, "The Office" is a fly-on-the-wall "docu-reality" parody of modern American office life that delves into the lives of the workers at Dunder Mifflin, a paper supply company in Scranton, Pennsylvania. In the series, Andy Bernard (Ed Helms, "The Hangover"), the preppy salesman and die-hard Cornell alumni whose endless and unique musical talents keep the office entertained, is the new Dunder Mifflin Scranton manager. Reporting to Andy are the loyal, and often times unmotivated, staff including sales rep Jim Halpert (John Krasinski, "Away We Go," "It's Complicated") who shares his working space with Dwight Schrute (Rainn Wilson, "The Rocker"), the arrogant assistant to the regional manager whose responsibilities have expanded as he became the new owner of the office building. Pam Beesly Halpert (Jenna Fischer, "Walk Hard," "Blades of Glory") is the office receptionist-turned-office administrator whose office romance with Jim led to marriage and the birth of their daughter Cece and son Phillip. A surprising bromance has also formed between Andy and the ambitious distribution coordinator, Darryl Philbin (Craig Robinson, "Hot Tub Time Machine"), who moved his office from the warehouse to the main building. Also starring are Leslie David Baker ("Malcolm in the Middle"), Brian Baumgartner ("Arrested Development"), Kate Flannery ("The Heir Apparent"), Angela Kinsey ("Furry Vengeance"), Paul Lieberstein (writer, "King of the Hill"), Oscar Nuñez ("The Proposal"), Phyllis Smith ("Bad Teacher"), Creed Bratton (former member of The Grass Roots) and Ellie Kemper ("Bridesmaids"). "The Office" is executive-produced by Ben Silverman, Greg Daniels, who developed the series for American audiences, Ricky Gervais, Stephen Merchant, Howard Klein, Paul Lieberstein, Brent Forrester and Dan Sterling..</p>

Stanley Hudson	Every office has a consistently lethargic worker, and this is Dunder Mifflin's guy. The most excited Stanley ever got was over Pretzel Day.
Leslie David Becker	
Angela Martin	Critical, judgmental, picky and close-minded, her life takes an interesting turn when she has a baby by Dwight but marries "the senator" who, it turns out, everyone knows is gay but her.
Angela Kinsely	
Toby Flenderson	The emotional punching bag for, well, everyone. As the one-person human-resources department, he tried to keep things under control in an office that rarely was. Side hobby: Obsessed with the Scranton strangler case.
Paul Lieberstein	
Kevin Malone	Part of the accounting group, his childlike, oblivious wonders often left him noticing little around him if it wasn't edible and free.
Brian Baumgartner	
Jim	Subdued prankster whose interest in selling paper is a distant third priority behind pranking Dwight and falling in love with Pam.
John Krasinski	
Meredith Palmer	Every worker has a skill, and Meredith had two that were poorly kept secrets: She drank, and she slept around. A lot.
Kate Flannery	
Phyllis LapinVance	Sweet-voiced, the love of her life is Bob Vance, who owns a refrigeration company in the building. Claim to fame: Likes to have sex in the office with her husband.
Phyllis Smith	
Oscar Martinez	Openly gay, Oscar's nemesis-turned-friend in the office ends up being the same person -- his fellow accountant, Angela.

<h5>Most of the filming of The Office took place in Scranton Business Park. It is a
grey-looking, drab, your average office building, which is in real life, an actual office.
